

STAR S-2000 SERIES

Superb atomisation for all automotive furniture and metal finishing work.
Full size production gun with 1 litre suction cup.
Air consumption 300-325l/min (10.7-11.4cfm) at 350kpa (50psi)

**Gun and 1 litre cup complete
Red air cap**

Item Code	Tip Size
S-2000-152S	1.5
S-2000-182S	1.8
S-2000-202S	2.0
NEW → S-2000-252S	2.5

Top industrial spray gun for use with pressure pot or diaphragm pump.
Air consumption 350l/min (12.4cfm) at 350kpa (50psi).
Gun only. Red air cap. Suction or pressure feed

**Gun only
Black air cap. Pressure feed only**

Item Code	Tip Size
S-2000-123P	1.2
S-2000-153P	1.5
S-2000-183P	1.8
S-2000-203P	2.0

STAR EVO-T-2000 SERIES

EVO T technology provides high transfer efficiency exceeding 72% lower air consumption and superior atomisation for improved finishing results.
EVO T spray guns are manufactured with full anti corrosive internals making them compatible with new waterborne paint systems.
Supplied with pressure regulator and gauge.

Gun and 1 litre cup complete. Gold air cap

Item Code	Tip Size
EVO-T-2000-143S	1.4
EVO-T-2000-163S	1.6
EVO-T-2000-183S	1.8
EVO-T-2000-203S	2.0

Air consumption 269 l/min (9.5cfm) at 140kpa (20psi)

Gun only. Suction or pressure feed. Gold air cap

Item Code	Tip Size
EVO-T-2000-143S-LC	1.4
EVO-T-2000-163S-LC	1.6
EVO-T-2000-183S-LC	1.8
