

STAR® New Century Series

Star have introduced a totally new range of spray guns with smart design and innovative features.

The NEW CENTURY SERIES guns are of the highest quality and represent the top end of the market for auto refinish and high quality wood finishing work.

The NEW CENTURY spray guns are a lightweight and compact design featuring integrated air/fluid actuating shaft for low maintenance and ease of work.

STAR S-4000 SERIES

Top of the range car painters spray gun with high atomisation and high transfer efficiency characteristics.

Air consumption 300 l/min (10.6 cfm) at 28 kpa (40 psi)

**Gun and 0.6 litre cup complete
Red air cap**

Item Code	Tip Size
S-4000-142G	1.4
S-4000-162G	1.6
S-4000-182G	1.8

Aluminium cups also available, refer page 10.

STAR EVO-T-4000 SERIES

EVO-T technology provides high transfer efficiency exceeding 72%

Lower air consumption and superior atomisation for improved finishing results.

EVO-T spray guns are manufactured with full anti corrosive internals making them compatible with new waterborne paint systems.

Supplied with pressure regulator and gauge.

Gun and 0.6 litre cup complete. Gold air cap

Item Code	Tip Size
EVO-T-4000-143G	1.4
EVO-T-4000-163G	1.6
EVO-T-4000-183G	1.8
EVO-T-4000-203G	2.0

Air consumption 240 l/min (8.5cfm) at 112 kpa (16psi)

Aluminium cups available, refer to page 10
